Refer also to Lot 509.

Prepared for issue on the same day as the 50p violet-rose Palestinian Welfare SG 159 which also depicts the Dome of the Rock (refer to Scott note under #185). The Arabic inscription mistakenly includes the word 'muqatilin', which translates to "killers" or "murderers", instead of the intended word 'mujahadeen', meaning "freedom fighter" or "warrior". The stamps were printed by Mezhdunarodnaya Kniga in Russia. It seems that a packet was liberated from a crate on arrival in Chittagong. During 1990-1991 the stamps apparently mistakenly were sold from post offices in the Comilla and Barishal Districts. Extant copies may be attributed to either or both these circumstances.
